

EXERCISE YOUR EYES

EYEPORTR[®] Vision Training System

The EYEPORTR is the only patented and clinically proven vision-training system that can improve overall vision performance in less than 10 minutes a day. It's being used and recommended by optometrists around the world and has been cleared by the FDA.

Published scientific research has demonstrated that using the EYEPORTR, 10 minutes a day, over a three-week period can significantly improve:

- Visual Attention
- Reading Efficiency and Comprehension
- Athletic Performance and Marksmanship
- Aiming, Tracking, Focusing and Teaming of the Eyes
- Speed & Span of Perception and Dynamic Depth Perception

The EYEPORTR is designed for individuals of all ages and performance levels, from children to active seniors, and from computer users and business executives to professional Athletes.

The EYEPORTR is available at www.exerciseyoureyes.com
